

2024 Platinum Membership Information

VISION:

To revitalize a once great golf course to its full potential in a gradual and prudent way while building a diverse customer base of loyal champions of Harkers Hollow Golf Club.

Accomplishing the Vision by following the MISSION:

Harkers Hollow Golf Club will continually strive to improve facility conditions in a way that is practical and economically feasible. Each improvement will be scheduled, planned and budgeted based on the greatest need, feasibility and largest overall impact on the facility. The revitalization of Harkers Hollow will be enjoyed by Members, golf groups, daily fee guests, leagues and social functions.

2024 Membership Information

We are confident that the 2024 Memberships offered at Harkers Hollow Golf Club will be the best golfing, dining, and membership value you will find in the area. The golf course and overall facility has undergone vast improvements in our first six years of ownership. We will continue to invest in and improve the course conditions, infrastructure, marketing, food and beverage operation, staff training and overall experience for all our guests. The momentum from our initial revitalization efforts will continue in 2024 and beyond.

2024 Platinum Membership Narrative

Our current business model regarding golf is to offer two membership categories (Platinum and Anniversary), be open for daily fee patrons and host a limited amount golf outings/charity events. The current Anniversary membership expires 12/31/24. Should a third membership category be developed and offered, you will have the opportunity to modify your Platinum membership.

In 2023 we had approximately 154 individuals as Platinum members. This number is just about perfect for our model. For the 2024 season, we will limit the number of Platinum Members at 175 people.

Golf outings/charity events are an important part of our golf business. We currently host all Phillipsburg High School sports fundraiser golf events, multiple volunteer Fire Company fundraisers, cancer benefits, and church functions of multiple denominations.

The course conditions have continued to improve. Six years of best practices for good turf health have paid dividends. The property will continue the revitalization and improvements in all facets will be realized in 2024.

Just like you have seen in many aspects of your daily life, the significant increases in the cost of labor, supplies, products, and fuel have impacted our business. We will continue to offer the best value for your membership experience while being fiscally responsible for the overall health of the business.

Membership dues remain unchanged from 2023
